

TRANSFOLD™ PORTABLE STAGES

TransFold™ portable stages give you the freedom to configure the right stage to create any performance environment that you can imagine. Convenient 4'x4' platforms, equipped with transport wheels, make it easy for one person to set up any size stage. Built-in height adjustment gives you the option to create the ideal configuration for every event. Adding arc and triangular shaped platforms to your stage will make your stage stand out in the crowd.

Simple and Secure Height Adjustment

The legs on dual height stage units are easy to adjust. Telescoping leg inserts are secured to the leg's receiver tubes with clevis pins having spring loaded detentes for added security.

Skirting

Attractive skirting is secured to the frame of any stage or riser set with provided clips for a professional look.

Built-In Mobility

Rolls into position and couples automatically as it is lowered to the floor.
